DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: the closest prior art of record (Soltis et al U.S. Pat. No. 6,493,804) does not teach or suggest in detail logic to parse the particular message for file system parameters of an access according to the file system architecture and to translate said file system parameters to an access using storage area network parameters in combination with all the elements of claims as argued by the Applicants.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claims **1-30** are allowed.
